

Arul Geolson A

Senior Associate Consultant | geolson.offl@gmail.com | +919791306673 | [LinkedIn](#)

PROFESSIONAL SUMMARY

Results-driven Data Engineer with 4 years of experience building scalable cloud-based data platforms using Azure, Databricks, PySpark, and SQL. Skilled in designing ETL/ELT pipelines, Medallion Architecture, Delta Lake, and streaming data solutions with strong expertise in CI/CD automation, performance optimization, and data governance. Proven track record of delivering reliable, high-performance enterprise data solutions across healthcare and financial domains.

SKILLS and CORE COMPETENCIES

- **Programming:** Python, PySpark, MS SQL Server, Oracle
- **Cloud & Data Platforms:** Azure Data Factory, Azure Databricks, Azure Data Lake Storage Gen2, Logic Apps
- **Lakehouse & Streaming:** Apache Spark, Delta Lake, Auto Loader, Medallion Architecture, Data Warehousing, Batch & Streaming Processing
- **DevOps & CI/CD:** GitHub Actions, Azure DevOps, Git, YAML
- **Data Governance & Security:** Databricks Unity Catalog, RBAC, Row-Level & Column-Level Security
- **Visualization:** Power BI, Power Apps

PROFESSIONAL EXPERIENCES

Senior Associate Consultant (Data Engineer) at Infosys Ltd:

September 2025 – Present

❖ Client - Pfizer Inc:

- Migrated **21+ complex Talend ETL pipelines** to **Databricks (PySpark)**, improving scalability, maintainability, and processing reliability for large-scale **clinical data platforms**.
- Architected and implemented end-to-end **CI/CD pipelines using GitHub Actions and Databricks Asset Bundles (DAB)** to automate Databricks notebook deployments with approval-based release controls.
- Implemented Medallion Architecture (Bronze, Silver, Gold) on Delta Lake, including **streaming-based ingestion using Auto Loader and Structured Streaming**, ensuring ACID compliance, data quality, and curated datasets for analytics and reporting.
- Developed and maintained **Delta streaming pipelines with checkpointing and incremental processing (MERGE/CDC patterns)**.
- Enforced **enterprise-grade data governance** using **Databricks Unity Catalog**, enabling secure access control, environment isolation, and regulatory compliance.
- *Technologies: Databricks, PySpark, Python, SQL, Delta Lake, Structured Streaming, Auto Loader, Unity Catalog, GitHub Actions, Git, YAML*

Software Engineer (Data Engineer) at H&R Block India:

June 2022 – September 2025

❖ Client Service Organization Reports:

- Designed and built **scalable ETL data pipelines** using **Azure Data Factory**, ingesting data from **REST APIs, flat files, SQL databases, and Azure storage**.
- Led migration of **legacy SSIS workloads** to **ADF, Logic Apps, and Azure Functions**, reducing operational costs by **30%** and improving pipeline efficiency by **25%**.
- Migrated **on-prem SQL databases and Power BI Report Server** to **Azure** using **Terraform**, successfully deploying **65+ reports** and improving data accessibility by **40%**.
- Supported analytics delivery across **144 production data loaders and 65 reports**, ensuring reliable and timely data availability for business stakeholders.

- Managed **production deployments, hotfixes, and enhancements** through CI/CD pipelines, maintaining **99.9% uptime**.
- Optimized **stored procedures, complex SQL queries, and indexing strategies**, achieving **20% faster processing** and **60% reduction in query-related compute costs**.
- *Technologies:* Azure Data Factory, ADLS Gen2, SQL Server, Azure DevOps, Azure Functions, Logic Apps, Terraform, Power BI.

CERTIFICATIONS

- | | |
|---|-----------------|
| ● Azure Fundamentals (AZ-900) | <i>Jan 2024</i> |
| ● Databricks Certified Data Engineer Associate | <i>Jan 2026</i> |
| ● Databricks Certified Generative AI Associate | <i>Mar 2026</i> |
| ● Databricks Certified Data Engineer Professional | <i>May 2026</i> |

EDUCATION

- Bachelor of Engineering, Computer Science and Engineering (2022)
St. Xavier’s Catholic College of Engineering,
Nagercoil, Tamil Nadu.

LANGUAGES

- Bilingual in Tamil and English, with Tamil as mother tongue.
- Proficient in Malayalam.
